SUBJECT: John McMahon Testimony on Drugs

1. Attached is an outline of McMahon's testimony. I do not have most of the material to be covered, so I will have to contact several agencies. This should be no problem. Also attached is a listing of important documents I prepared gleaned from testimony and other material which we should have.

2. You will recall that on 14 July last year, John McMahon appeared with the Director of NSA and the Acting Administrator of DEA. I presume the same line-up will appear for the follow-up. This means that testimony prepared will have to be coordinated. As agencies are contacted for material, we can solicit status reports on major efforts such as memorandum of understanding.

3. The testimony for the most part is a rundown of major undertakings and accomplishments since last year. Dependent upon how readily the needed material can be compiled, reviewed and synopsised, the text can be pulled together in two or three weeks.

4. If this approach meets with your approval, I will proceed accordingly.
